

Tandem in quinque Provincias distributa est, Lusitaniam, Bæticam, Galleciam, Carthaginensem, Tarraconensem. Subjectæ quidem fuerunt Tingitana in Africa & Baleares Insulæ Vicario Hispaniarum, ut videre est in Notitia ^a civili Imperii, sed ad modicum solummodo tempus, cum aliter esse cœperit, imperantibus Arcadio & Honorio, circa annum humanæ salutis CCCXCIX. Sub his enim, Macrobio factò Præfecto Prætorio Galliarum, Proclianus ejus Vicarius in Hispania per eas auctoritatem habere desiit, unde & Vicarius quinque Provinciarum tantum dictus est ^b: Harum autem fines sic describuntur apud Geographos: Bætica habet à Meridie mare Iberum, à Septentrione Anam fluvium, quo à Lusitania separatur, extenditurque ab ostiis fluvii Anæ usque ad Murgim urbem. Lusitania Ana & Durio fluviis & Oceano clausa est. Gallecia à Durio fluvio ad Promontorium Neriam, nunc caput Sanctæ Mariæ finis terræ dictum, protenditur; & à dicto Promontorio Boream versus, usque ad Victoriæ montem & fines Cantabrorum. Tarraconensis Pyrenæis à Septentrione, Carthaginensi Provincia à Meridie, Mari Iberico ab Ortu, & Gallecia ab Occasu terminatur. Carthaginensis denique à Murgi ad oram maris Iberici incipiens, & pene ad Saguntum desinens, finitur ab Occasu Lusitania & Bætica, à Septentrione Tarraconensi, à Meridie etiam Bætica, & ab Ortu Mari Mediterraneo. Easdem recenset provincias Notitia civilis Imperii Romani, apud quam etiam legitur Bæticam, Lusitaniam & Galleciam Consulares fuisse, reliquas verò Præfidiales, saltem pro tempore quo facta est dicta Notitia. Sulpitius enim Severus vult Galleciam à Proconsule regi desuisse sub Gratiano. Verùm hæc de Notitia civili sufficiant.

^a Notit. Imperii Romani.

^b L. 3. C. de Paganis.

III.

A QUIBUS PRIMUM IN FIDE ERUDITI HISPANI.

^c Metaphrast. in vita S. Petri.

De Ecclesiastica dicturus, haud è re alienum arbitror, si ante omnia observaverim cuinam Apostolorum prædicandi Evangelii per Hispanias cura obtigerit. D. Petrum Apostolorum Principem in eam venisse scribit Simeon Metaphrastes ^c: Attamen hujus tanti beneficii pene omnes Hispani scriptores Sanctum Jacobum majorem Apostolum Zebedæi filium & Joannis fratrem præcipuum ministrum faciunt. Nec ego repugnabo, cum hæc sententia multis & probabilibus conjecturis, necnon adeo antiqua traditione nitatur, auctoremque habuerit, licet primum, Isidorum Hispalensem sub finem sexti sæculi. Sed non minus probabile videtur Beatum Paulum Apostolum Hispaniam visitando, hanc etiam Evangelii luce illustrasse. In eam se venturum promiserat ad Romanos ^d hæc scribens: Cum in Hispaniam proficisci cœpero, spero quod præteriens videam vos. Et infra eodem capite: Hoc cum consummavero, proficiscar per vos in Hispaniam. Quod revera in eam tanti muneris obeundi causa profectus sit, non pauci ex scriptoribus antiquis Græcis Latinisque testantur.
